

Budget Friendly Food Safety Solutions for Convenience Stores and Supermarkets

Common C-store and Supermarket Uses:

Label bakery, deli, QSR and other items fast – with inexpensive, easy-peel, die-cut labels

- Cut spoilage in QSR, Deli or Bakery areas with auto time/date and/or message stamped labels
- Quickly stock carton deliveries with easy-peel time/date labels to ensure proper product rotation
- Help meet food safety and nutrition labeling regulations by easily creating nutritional labels
- Help improve register ring-up accuracy with high-resolution bar-coded labels
- Print bar-coded labels with price, symbols, logos, and preset text, all from stored templates – at the touch of a button – without a PC
- Quickly create shelf tags

It's all possible with a Brother[®] PC Label Printer!
