Introducing the HealthDynamix SMARTnet® Solution

Value for Your HIT Operation

HealthDynamix, a Cisco Gold Partner since 2002, operates five fully certified specializations for state-of-the-art labs: ■ Advanced Wireless LAN ■ Advanced Routing and Switching ■ Advanced Data Center Networking Infrastructure ■ Advanced Unified Communications ■ Advanced Security. With more than \$17 million in SMARTnet contracts under management, a ranking in the top 25% of Cisco nationwide, Fortune 1000 accounts in various vertical markets, and over 100 Cisco Certified employees, HealthDynamix is a qualified and capable partner to manage your Cisco relationship.

HealthDynamix offers Cisco Service Experts to manage your SMARTnet® contracts. We provide peace-of-mind to our customers by simplifying the complexities of auditing your Cisco contracts. We accomplish these tasks by offering the following services:

■ Dedicated Account Team

- Expertise includes an Account Manager, Service Delivery Manager, CCIE and Cisco Service Expert
- The account team schedules contract reviews with the customer directly

■ Analysis

- An extensive audit is performed to find uncovered equipment, duplicates, and other potential problems

■ Simplification

- HealthDynamix will consolidate your contracts to match your desired level of coverage
- HealthDynamix will work with you have the contract renewal dates coincide with your budget cycles
- HealthDynamix handles all contract changes including hardware changes and credit prorating
- HealthDynamix automates the renewal process to ensure your investment remains covered
