Customer Centric

- Change adoption and training
- Ease of business
- Timely integration and execution

HP TouchSmart 9100 Business PC

Go beyond just a touch with the Microsoft-certified "Multi-Touch" Windows® 7 compliant touch-screen. Now you and your patients can interact in a creatively intuitive way using gestures and manipulation.

Optimize the TouchSmart's potential with optional customized touch applications to help enhance the way customers interact with your business or improve workflow and information delivery for your employees.

The sleek, space-saving PC has every-thing built-in: a 23" Full HD display, an integrated webcam, a microphone and speakers for easy videoconferencing and collaboration.
