# PRODUCT STORY //

## ONE CASE. ENDLESS POSSIBILITIES.

Expand your phone's features with the OtterBox uniVERSE Case System. The uniVERSE case features a slotted rail under its removable accent plate, letting you securely attach and easily swap out powerful partner modules like camera lenses, card readers, batteries, speakers and more — without removing your case.

OtterBox partnered with the world's leading consumer electronic brands to create an entirely new platform. With the uniVERSE Case System, you get the specialized capabilities of our module partners — backed by trusted OtterBox protection.

Like every case we make, the uniVERSE case meets OtterBox Certified Drop<sup>+</sup> Protection standards. So while you're swapping modules and expanding your phone's capabilities, you always have confidence that your device is protected.
